Praise for Jenna Kernan

PARANORMAL:

Kernan offers a novel paranormal story, one that's both admirably written and original. Her characters are delightfully complex and their mythology is fascinating.

WESTERN HISTORICAL:

Classic Western Romance

~Romantic Times Book Reviews~

Kernan creates an engaging and fascinating story with strong characters that will provide readers with a real understanding of the western mentality.

To borrow an old expression, Kernan's heroine has "sand." There's a grit and determination to her that is beyond admirable.

~The Good, The Bad and The Unread~

The hope and love in this story rings true and the characters are people in whom readers will want to believe. Those who enjoy Westerns or tales of lovers reunited will not want to miss this book. It has found a place on my keeper shelf and I know I will be reading it again.

~All About Romance~

Outlaw Bride will not disappoint as Jenna Kernan pulls you into the tale of two hurting individuals looking for one thing and finding another. If you are new to Jenna Kernan, Outlaw Bride will send you searching for more of her wonderful heart warming tales.
